HFS Insurance Services
Independent Corporate & Commercial Insurance Advice

About Us

Established over 30 years ago, we remain a family run business with a strong commitment to personal service. We have been arranging insurance for Care Homes for over 15 years and can cater for any size of portfolio.

Our Commercial team is expert at seeking out the most competitive and suitable policies from a large range of insurers to cover your needs. This enables us to tailor the policy to the individual home, including specialist engineering insurance for lifts, hoists and stair-lifts.

Our experienced staff can assist you with any claims that may arise by liaising directly with the Insurer concerned.

Our Team

Paul Baker - Director
